

Bostrom 910

The Bostrom 910 (T-Series LoPro) seat has proven durability and comfort and is suited best for medium to heavy duty Japanese trucks including Isuzu, Hino Mitsubishi, Nissan UD and more. Solving height obstacles with its 100mm height range and a working capacity up to 150kg.

With its scissor action air suspension and flexible cushion support system (vs a pan style support system) it delivers superior weight distribution and reducing cushion compression, both providing a more stable driving platform so you can drive longer.
