

ACS Executive Office Chair

The ACS Executive is a premium level office chair specifically designed for the 24/7 shift work environment where multiple users use the same chair.

Some standard features include 8 adjustable air bags integrated into the base and backrest cushions to ensure maximum support and comfort, back recline, height riser and tilt lock functions.

Other adjustable functions of the ACS Executive include headrest and tilt/flip up armrests for easy access or to fit under your work desk.

The combination of these adjustable features makes this an ideal rehabilitation chair for back pain sufferers.

Technical Data

- Working Capacity: Up to 225 Kg
